

## **"TWILIGHT" IN THE SPOTLIGHT: STEPHENIE MEYER FEATURED IN "FEMALE FORCE" BIO COMIC**

*All-things-movies network REELZCHANNEL reports publication of new comic in series of female-focused biographies*

In time for the November theatrical release of *The Twilight Saga: New Moon*, Bluewater Productions is producing two versions of an upcoming biography comic on best selling author Stephenie Meyer, REELZCHANNEL reported today on its hourly news program, REELZCHANNEL Movie News.

According to REELZCHANNEL, *Female Force: Stephenie Meyer*, scheduled for release right before the movie hits theaters on, November 20th, provides readers two options: a standard 22-page version and a double-sized collector's edition that contains a variety of extras.

"We get to turn the tables on Meyers and she becomes the featured protagonist," said Bluewater's president Darren G. Davis told REELZCHANNEL reporters, "and we are going to tell her story in a very fun, respectful and unique way."

The comic, written by Ryan Burton ("Flying Saucers vs The Earth") examines her rise to popularity, her "Twilight" saga novels, the launching of the successful movie franchise and her future plans. According to Burton, a very recognizable and iconic vampire will serve as the story's narrator. The title is being drawn by Dave MacNeil and Vinnie Tartamella provides the cover art.

The alternate 40-page collector's edition will include the history of Forks; the Washington peninsula town where her stories take place as well as other bonus material not found anywhere else.

The announcement was reported exclusively by REELZCHANNEL on REELZCHANNEL Movie News, the cable and satellite network's breaking news program. REELZCHANNEL has been a leader in Twilight saga-related news since the premiere of the first movie in the series last year, providing previews and exclusive interviews on air and on the web to *Twilight* fans around the world and working with fans as the exclusive media partner on the TwiCon fan convention.

Meyer, Named USA Today's "Author of the Year" in 2008, is the first author of fiction featured in the Female Force series. The series, to date, has published biographies on such influential women as Hillary Clinton, Michelle Obama, Oprah Winfrey, Sarah Palin and Princess Diana. Female Force offers a broad examination of strong and influential women who are shaping modern history and culture.

The monthly comic book series, launched earlier this year, has drawn considerable media attention, including features on CNN, MSNBC, Fox News, and "Live with Regis and Kelly." It has also been featured in such periodicals as People Magazine, Los Angeles

Times, Chicago Tribune, USA Today and thousands of blogs and other media outlets.

The suggested retail price (SRP) for the upcoming trade paperback is \$3.99 for the standard 22-page version and \$6.99 for the 40-page collectors edition
